IIIT Hyderabad Invites Applications for Software Engineer - 1 Position

The International Institute of Information Technology Hyderabad is a world-class institution offering B.Tech., Master of Science by Research, Dual Degree (BTech + MS), MTech, and Ph.D. programs.

Job Description:
As a PHP Developer, you will be responsible for developing web-based applications and websites using PHP programming language. You will work closely with other developers and designers to create scalable, robust, and high-performance applications that meet the needs of the institute.

Job Responsibilities:
- Develop and maintain institute’s ERP applications and websites using PHP programming language.
- Collaborate with other developers, designers, and stakeholders to define project requirements and objectives.
- Write clean, efficient, and well-documented code.
- Troubleshoot and debug applications.
- Test and deploy web applications and websites.
- Participate in code reviews and provide feedback to other developers.
- Stay up to date with emerging trends and technologies in web development.

Skills & Experience:
- Bachelor's degree in Computer Science, Information Technology, or a related field.
- 3+ years of experience in PHP development or a related field.
- Strong knowledge of PHP programming language and related technologies (e.g., MySQL, HTML, CSS, JavaScript).
- Experience with PHP frameworks such as Laravel or CodeIgniter.
- Familiarity with tools such as GIT, JIRA, and Agile methodologies.
- Strong analytical and problem-solving skills.
- Excellent communication and collaboration skills.
- Ability to work under pressure and meet deadlines.
- Ability to work independently and as part of a team.
- Experience with Mobile app development and payment gateways is a plus.

Type of Role: Consolidated position with a 1-year contract initially, which may be renewed based on performance and Institute’s needs.

Pay: Consolidated salary starts from Rs. 7 Lakhs/annum and considerations with experience or as per Institute’s norms.
