Internal Quality Assurance Cell (IQAC) of IIIT Hyderabad

Action taken report on the previous IQAC meetings held on 17th May 2018 & 20th Sep 2018

i. Admissions
Conduct of Undergraduate Entrance Examination (UGEE) was outsourced to TCS-iON Digital Learning Hub - from 2018-19 onwards.

ii. Enhancing adjunct faculty contribution
Considering the new developments in the industry and to promote courses that are in-line with the industry requirements, identified suitable resources from the industry as an adjunct faculty and involving them in academic matters of the Institute.

iii. Research oriented programmes
A two-day ‘R&D Showcase’ (an annual research exhibition) was organized. A two-day workshop namely, Excitement of Research (ExOR) was also opened for promoting awareness towards research for the benefit of outside engineering college students.

iv. Integrated Management System (IMS)
After looking at the pilot results of IMS (an in-house ICT based platform), the portal went into LIVE with a few modules. This portal has a feature of customizing the modules in-line with day-to-day operations of the campus activities.

v. Outreach activities
An exclusive Technology Transfer Office (TTO) is operational, currently. A team of two members are working on the designing Objectives and functions of the Office.

vi. Extension activities
Under executive education program, two courses are introduced namely, Artificial Intelligence (AI) and Machine Learning (ML) by the select faculty members. There are also plans to offer similar programmes on cutting edge technologies viz., Blockchain in near future.

vii. Alumni activities
Alumni cell of IIIT Hyderabad has started approaching the potential members to extend support to meritorious students in IIIT-H despite having inadequate financial resources.

viii. To enhance the IQAC activities, Shri J Ramachandran (a member from Industry) was invited and included in the IQAC Committee from this year.
